Summary of Legislation: This bill defines "covenant marriage". It provides that a couple may designate a covenant marriage when applying for a marriage license or after marriage. The bill requires that a marriage license must indicate whether the marriage is a covenant marriage. It also establishes the procedure for declaring a covenant marriage. The bill also requires the State Department of Health to maintain records of covenant marriage declarations. It provides limited grounds for legal separation or dissolution of a covenant marriage. It further requires the State Department of Health to develop an informational pamphlet regarding covenant marriage.

Effective Date: Upon passage.

Explanation of State Expenditures: The State Department of Health (SDOH) has identified some minimal costs to develop a new form for circuit courts to use to implement the new classification of covenant marriage and in creating the pamphlet providing information on covenant marriage required by the bill. Both of these costs can be absorbed within the existing SDOH budget. The Department also estimates that this bill would require approximately \$18,095 to implement in the first year: \$11,000 for one-time systems revisions and \$7,095 for the first year and each year thereafter for additional printing and postage expenditures.
